🎓 Laia Castilla i Amorós, PhD

🐙 [github.com/Aylhenia](https://github.com/Aylhenia)

## PROFILE

Originally with a PhD in Chemistry, I found a passion in web development and design. I am now a certified front-end developer with a passion for learning and strong creative and analytical skills. Detail-oriented, I can work collaboratively and individually.

## SKILLS

### LANGUAGES DEVELOPMENT TOOLS

HTML / CSS Git / GitHub

JavaScript NPM / Yarn

### LIBRARIES DESIGN TOOLS

React Adobe Illustrator

FRAMEWORKS Affinity Designer

Bootstrap Figma

Procreate

## EXPERIENCE

### PERSONAL PROJECTS

**World Clock Application** <https://worldclocklca.netlify.app>

I designed and coded this functional and responsive world clock application using **vanilla JavaScript**

**Yakushima Travel Project** <https://yakushima-travel.netlify.app>

I designed and coded this responsive landing page with more advanced HTML and CSS features

**Weather Application** <https://reactweatherapplicationlaia.netlify.app>

I designed and coded this functional and responsive weather application using **React.js**

**Dictionary Application** <https://reactdictionarylaia.netlify.app>

I designed and coded this functional and responsive dictionary application using **React.js**

*All projects have open source code*

*Please, check my portfolio (🔗) for more*
